

## Building Humane Families

The Task Force on Family Violence and the Wisconsin Humane Society are pleased to announce an exciting new partnership with a seven-week program to strengthen families. Families will meet at the Humane Society, divide into groups for programming and gather back together for a meal.

Pre-School  
(ages 3 to 5)

Each week children in this group will explore topics that will help them feel better about themselves, understand how to protect themselves, and how to forge healthy relationships.

School Age  
(age 6-13)

This group will work directly with animals and staff at the Humane Society. Children will learn more about animal feelings and behavior, how to be safe with animals, and how to prevent animal abuse.

Parent(s)  
(or primary  
Caregiver )

Each week parents will meet and discuss topics related positive parenting and promoting peace. Parents will gain a better understanding of child development and how it is related to strengthening relationships with their children.

**Child care and transportation provided**

**Classes will begin Tuesday, May 16th**

**Please contact Amy O'Neil at the Task Force on Family Violence at 276-1911 to register.**
